### Education:

State University of New York College at Oneonta  
Oneonta, New York

Diploma: BA Music Industry (Pro Tools)

Hudson Valley Community College  
Troy, New York

Diploma: AAS Business Administration

Schenectady County Community College  
Schenectady, New York  
Music Business

### Musical Experience:

I have been playing the guitar since age 8. I have played in

several different bands. I have also taken lessons from several different teachers as well as classical guitar lessons. I have taken piano lessons and also have knowledge and skill in other instruments such as drums, bass and turntables. I have performed live with a band on many occasions. All this applies to sound. I feel all this knowledge and what I continue to learn gives me a very well rounded vision of the sound industry.
